**WORLD RENOWNED SPIRITUAL TEACHER
MARLISE KARLIN RELEASES "IMAGINE – THE SIMPLICITY OF STILLNESS" CD**

February 26, 2010 - Phoenix, AZ: [Marlise Karlin](#), a world-renowned spiritual teacher who offers people a profound connection to their essence through **The Simplicity of Stillness™**, has released her latest **Stillness Session™** CD - "[Imagine – Experience the Simplicity of Stillness.](#)"

Marlise has been offering her Stillness Sessions around the world for close to a decade and says that "Imagine" has been "inspired by the countless number of people around the world who's lives have transformed by simply connecting to the power of Stillness." The **Stillness Sessions™** that Marlise offers are an experiential form of teaching designed to move people beyond the limitations and agitations of the mind and into their natural state of being.

"Imagine" is infused with the vibrational frequency of Stillness, the life-stream of energy that emanates through Marlise's timeless wisdom and life altering vocals. Marlise is accompanied by an inspiring selection of internationally renowned artists: namely, Rudy Adrian, Thom Brennan, Matt Emery, Lens Flare, Jon Jenkins, Paradiso, and Ray.

According to Marlise, "Many of the modern challenges we experience in life are a result of the disconnection that occurs from being overloaded with responsibilities, commitments and distractions." Marlise believes Stillness provides the antidote, revealing the peace and serenity that we've all been searching for.

"Imagine – Experience The Simplicity of Stillness" CD includes two Stillness Session tracks, 60 minutes in total and retails for \$17.95. "Imagine" is only available through Marlise's official [website](#) and all proceeds are donated to charity. To listen to a free sample, click <http://www.marlisekarlin.com/index.php/products>

A recent purchaser remarked, "I can feel the energy just by listening to the CD. It begins as a tingling through my fingers, and then it moves to my arms and legs. It just moves on through and somehow makes everything clear. It's the most exquisite feeling."
